

ProveTrak

ProveTrak Benefits:

- » Implement a standard: process, data capture, and analytics
- » Analyze all prove data centrally with built in analytics reporting
- » Algorithm to detect bias in proving process
- » History and reporting by meter, prover, or operator
- » Effectively transfer years of experience and process into one standard system for all new and existing operators

ProveTrak Value:

- » Reduce costs:
 - » Optimize proving and truck efficiency
 - » Reduce costs of training
 - » Reduce spreadsheet manipulation, errors, slow analysis
 - » Reduce paper flow, storage, and re-keying data transfer
 - » Reduce costs of witnessing proves
 - » Central repository for all proving reports
